Product highlights

Digital signal transfer
High-quality cable provides great signal transfer, using digital technology.

24 carat gold-plated connector
24 carat gold-plated connectors ensure the best signal quality for your components.

99.97% OFC solid conductor
99.97% Oxygen-free copper (OFC) cable core provides optimum signal quality.

HDCP Compliant
High-bandwidth Digital Content Protection (HDCP) allows you to play protected content media such as movies and concerts. It checks the signal to prevent piracy, allowing only legal copies of content to display.

100% aluminium shielding
This protective layer of aluminium guards against electromagnetic interference for improved signal quality.

Braided shielding
Copper-braided reinforced aluminium shielding protects against signal loss and interference.

Plug and play
Plug and play offers easy installation of components without time-consuming installations.

Heavy-duty brass shell
The heavy-duty brass shell protects the internal connection of the cable. It ensures durability and the reliability of your connection.

Super pliable jackets
Super pliable PVC jackets are abrasion-resistant for outstanding flexibility and protection against everyday wear and tear.
